## PROFESSIONAL SUMMARY

First-year B.Tech Computer Science Engineering student at Lovely Professional University with a focused interest in Data Science and Machine Learning. Experienced in building end-to-end ML pipelines, data visualisation dashboards, and SQL-driven analytics. Participant in university-level hackathons, and member of the Student Career Committee. Dedicated to turning raw data into clear, actionable insights with clean, well-documented Python.

## EDUCATION

**B.Tech – Computer Science Engineering** *2025 – 2029*

Lovely Professional University, Punjab

- Focus: Data Science, Machine Learning, Software Development

**12th Grade (Non-Medical) · 80.6%** *2024 – 2025*

New Era English Academy, Saharanpur

**10th Grade · 90.6%** *2022 – 2023*

Asha Modern School, Saharanpur

## TECHNICAL SKILLS

| | |
|---|---|
| **Languages:** | Python · SQL · R · JavaScript · HTML/CSS |
| **ML & DS:** | scikit-learn · Pandas · NumPy · TensorFlow · Keras · XGBoost · NLTK |
| **Visualisation:** | Matplotlib · Seaborn · Plotly · Power BI · Tableau · D3.js |
| **Data & Tools:** | MySQL · Excel · Jupyter · Google Colab · Git · VS Code |

## PROJECTS

**Retail Sales Insights** | *SQL · Analytics* *2026*

- SQL-driven analysis of a 1M+ row transaction dataset.
- Identified top customer cohorts, seasonal trends, and discount-driven revenue cannibalization.

**Sentiment Analyzer** | *NLP · Classification* *Planned*

- Text classification pipeline scoring reviews as positive, neutral, or negative.
- Built TF-IDF vectorisation and logistic regression baseline with accuracy benchmarking.

**Handwritten Digit Classifier** | *Deep Learning · CV* *Planned*

- Convolutional neural network on MNIST achieving 99%+ accuracy.
- Notebook walkthrough explaining each layer's architecture and intuition.

## EXPERIENCE & ACTIVITIES

**Member – Student Career Committee** *2025 – Present*

Lovely Professional University

- Contributing to initiatives enhancing career readiness and professional development for students.
- Assisting in organising introductory workshops and networking sessions.

**Prompt Builder Hackathon** *2026*

Lovely Professional University

- First hackathon exposure — handled backend development and data scraping pipeline.
- Researched historical references and structured datasets for the team's project.

**Hack-AI – College Level Hackathon** *2026*

Lovely Professional University

- Responsible for data scraping and final presentation delivery.
- Collaborated cross-functionally with team members on ML pipeline integration.

## CERTIFICATIONS

| | |
|---|---|
| Data Science – Infosys Springboard | ***Earned 2026*** |
| Big Data – Infosys | ***Earned 2026*** |
| Python Essentials – Cisco | ***Earned 2026*** |
| SQL (Intermediate) – HackerRank | *Planned* |
| Power BI Data Analyst – Microsoft | *Planned* |
| Data Analytics Professional Cert. – Google | *Planned* |

## INTERPERSONAL SKILLS

Teamwork & Collaboration · Communication · Adaptability · Analytical Thinking · Attention to Detail
